  - Fire Arc: Front
  - Scale: Speeder
  - Skill: Vehicle Blasters
  - Fire Control: 0D+2
  - Range: 50-300/1/2km
  - Damage: 4D

Description: The Wraith class Repulsor Tank is little more than a landspeeder with some armour, but has the advantage of being fast and well armoured in comparison to a landspeeder. Imperial forces have been forced to start using repulsor tanks since production of ATAT and ATST walkers has been reduced, and the Wraith is used for scouting and for holding secured territory.
