  - Fire Arc: Front
  - Scale: Walker
  - Skill: Vehicle Blasters
  - Fire Control: 2D
  - Range: 50-500/1.5/3km
  - Damage: 6D

Description: The Raptor class Repulsor Tank is a step up from the Wraith class Tank, it is still fairly fast but has better armour and much better weaponry. Imperial forces have been forced to start using repulsor tanks since production of ATAT and ATST walkers has been reduced, and the Raptor sees limited use as a main battle tank since its main weapon can inflict punishing damage on vehicles as powerful as walkers.
