

Sith Apprentice

Trained in the Sith Academy on Korriban, these Dark Side Warriors are not fully fledged Sith yet but are only a small step from it. Although apprentices encountered on Korriban and in the Academy itself may be in various stages of training, the statistics given are those of a Sith Apprentice on their graduation mission. These missions are of varying difficulty, from entering ancient Sith tombs, recovering Jedi and Sith artifacts, to simply working in groups to eliminate Jedi Knights. Once this mission was complete the Sith Apprentice would be promoted, becoming a Sith Commander, Sith Knight or Sith Assassin until they eventually reached the rank of Sith Master or Sith Lord.
