Special Abilities:

Massive: As well as being larger than most beings, Rigellians are more massive, and are counted as being Speeder Scale for most things. This makes them more easy to hit in combat, but capable of taking and dishing out far more damage in combat (essentially the porter 7D for strength in Hand to Hand Combat, but loses 2D from his dodge). This allows Rigellians to tear apart vehicles, and do massive damage when dropping onto targets.

Equipment: Heavy Clothing, 1,500 Credits, (occasionally carries a weapon such as a Blaster Carbine for ranged combat).

Description: Darth Vader's porter was in reality an assassin who together with two others accompanied Darth Vader to Aargau on a mission to kill Viscount Tardi, the Minister of Finance of the Rebel Alliance. While Princess Leia Organa and Tardi were traveling along a highway in New Escrow, the Rigellian porter jumped in front of their vehicle from an overpass, causing them to stop, and proceeded to rip their vehicle apart. He threatened to kill the Viscount when Leia produced a gravitational field disruptor and activated it on the porter, causing his weight to increase to the seventh power. The ground could then no longer support him, and he disappeared far beneath the planet's surface, leaving behind a deep hole.
