Description: Tera Sinube was a male Cosian Jedi Master who lived during the last days of the Galactic Republic and sat on the Jedi High Council sometime before the Invasion of Naboo.

Biography

Decades before the Invasion of Naboo, Sinube was the leader of the Jedi youngling Hawkbat Clan, whose members included, Zang Arraira, Arath Tarrex, Sifo-Dyas, and Dooku. While Dooku was still a Jedi youngling, Master Sinube traveled to Serenno along with Dooku, Sifo-Dyas, Grand Master Yoda, Master Yula Braylon, and many other younglings and masters for the galactic festival there. He and Master Braylon rushed to Yoda's aid when the youngling Sifo-Dyas accidentally knocked into him. He selected the youngling Zang to be his Padawan apprentice in 86 BBY, with Zang having been a youngling from the Hawkbat Clan, which was under Sinube's direction at the time.

Sometime before the Invasion of Naboo, Sinube was seated on the Jedi High Council, and was present when the Padawan Cere Junda met with the Council in the fallout of the battle for Ontotho and was granted the rank of Jedi Knight for her conduct.

As a Jedi investigator, Sinube was an expert in the planet Coruscant's criminal underworld. His connection to the Force allowed him to solve crimes faster than seasoned detectives in the Coruscant Police.

During the Clone Wars, Sinube helped Padawan Ahsoka Tano to recover her lightsaber, which had been stolen by a thief named Bannamu. He later volunteered his Astromech droid, M5-BZ for a mission to infiltrate a separatist dreadnought and steal an encryption module scrambling communications within the region. He also trained younglings in the Jedi arts at the temple on Coruscant.

Equipment

Sinube was the owner of M5-BZ, and wielded a blue-bladed lightsaber that could also be used as a cane.
