Description: Quanto was a male gangster living in the Stenness star system four thousand years before the Battle of Yavin. A space pirate, Quanto was in the employ of crime lord Bogga the Hutt as one of his enforcers. He often worked under the direction of Bogga's senior enforcer, Gudb, whom Quanto considered a friend. Quanto's feelings of camaraderie were not reciprocated by Gudb, however, and he was often treated as an underling by Gudb rather than an equal.

In 3999 BBY, Quanto was on the Stenness Hyperspace Terminal when he and Gudb accosted Jedi Knight Andur Sunrider and his family in an attempt to steal the Adegan crystals in their possession. Quanto was sent to distract the family while his partner went to obtain Bogga's permission to

proceed. The robbery was unsuccessful, and though the Jedi was killed, so too was Quanto—having been sliced from shoulder to hip by the deceased Jedi's wife, Nomi, using Andur's lightsaber.
