Description: Gudb was a male gangster and scourge of the Stenness star system in the name of Great Bogga the Hutt. He was the primary henchman in Bogga's enforcer gang, a group of beings that exercised Bogga's will throughout Stenness. Gudb had a pet gorm worm named Skritch, with whom he had faced many an opponent, including Jedi on occasion. In 3999 BBY, Gudb and his

gang encountered the Human Jedi Andur Sunrider and family on the Stenness Hyperspace Terminal, from whom the gangster was ordered to steal a cache of Adegan lightsaber crystals. He killed Sunrider in the process, but was ultimately driven off without the crystals by the deceased's widow, Nomi, who had taken up his lightsaber and with it slew two of Gudb's companions.

He returned to Bogga's stronghold defeated, and the Hutt chose to accompany Gudb on his next mission—to the planet Ambria, where the woman had fled to safety and had since become the charge of a resident Jedi Master. Gudb and his thugs were challenged by the Vultan Jedi Oss Wilum upon their arrival, who they overcame and prepared to kill, but were defeated again when Wilum's Master Thon attacked and overwhelmed them with his strength in the Force. Bogga later sent Gudb and his gang back to Ambria, to once again attack the Jedi and retrieve the crystals. Gudb's forces would have succeeded, were they not set upon by the same timid woman from the hyperspace terminal, who confused Gudb's men with Jedi battle meditation and cut them down with her lightsaber. Rather than stay and face Nomi Sunrider again, Gudb chose to flee Ambria in defeat and instead face the wrath of Bogga the Hutt.
