Description: Bogg Tyrell was a female Aleena and the representative of her homeworld of Aleen in the Galactic Senate of the Republic.

Bogg was known to enjoy wealth and the high life during her time on Coruscant. She even dated Dug holostar Seboca; the two were joyriding in an airspeeder in 22 BBY when they were almost hit by Obi-Wan Kenobi dangling from ASN-121, after the failed attempt to assassinate Senator Amidala. Afterwards, Bogg went to get a drink at Dex's Diner, coincidentally leaving the café—apparently inebriated—shortly after Obi-Wan entered the establishment looking for information on the weapon that had killed Zam Wesell.
