Biography

Drazin was born on Cloud City, over the gas giant of Bespin. At some point, he chose to enlist in the Stormtrooper Corps of the Galactic Empire, eventually achieving the rank of corporal.

Assigned to Gamma Squad, he accompanied Darth Vader to Cloud City in 3 ABY to capture Luke Skywalker during the Occupation of Bespin. While there, he and some other troopers were assigned to help the city's Ugnaught engineers prepare the carbon-freezing chamber. Him and another trooper were sitting down when C-3PO, Luke's protocol droid, accidentally entered the room they were in. Drazin confronted C-3PO, asking who he was while aiming his weapon at him. C-3PO tried to apologize but Drazin rose from his chair and blasted him, in order to prevent C-3PO from blowing the Empire's cover.

In 4 ABY, Drazin became a member of Commander Igar's personal honor guard, and with that, Tempest Force, an elite formation of Imperial Army, Imperial Navy, and Stormtrooper Corps units that was tasked with guarding the shield generator bunker on the forest moon of Endor.
