Description: Batcher was a lurca hound from the planet Weyland. Initially aggressive under the captivity of the Galactic Empire, which designated the hound LH-201, Batcher was given her name by the imprisoned clone Omega, who was responsible for feeding the lurca hounds in Weyland's Mount Tantiss facility and formed a bond with Batcher. Omega then helped Batcher escape her captivity in the base after Omega learned she was going to be killed due to being domesticated. Once freed, Batcher later helped Omega and Crosshair in their escape from Weyland together, joining her namesake the "Bad Batch," Clone Force 99.
