## Neral Neo-6 Riot Control Pulse Rifle

Elvar Neral started to work on original riot control concepts. For this he looked to a good model of what RanCorp needed: The Corporate Sector. He decided to start with a sonic-pulse rifle. The weapon released a sonic blast that temporarily disables all targets within it's fire arc. It was discovered it also caused severe brain disruptions which gave it an extra plus in the RanCorp CEO's eyes. It was quickly released to RanCorp riot control forces.
