

Vehicles D20 / Redhawk Swoop Bike

Redhawk Swoop Bike

This is used by Atreides scouts on the ground, or to outflank and pursue retreating enemy forces. Acknowledged by many historians as the reason Atreides forces-in-hiding were able to escape the Harkonnen purges after the Harkonnens recaptured Arrakis, the Redhawk also made a convenient exfiltration tool, widely used by Atreides men after a raid.

Craft: Atreides Z-56 Redhawk Attack Swoop Bike

Class: Speeder [Ground]

Size: Large (4.6 m long)

Passangers: 0
