atmosphere range:2-10/30/60km

damage:6D

notes: has 400mX160mX160m cage to carry ships up to size of Dreadnaught

capsule: This ship was designed both to transport ships which are incapable of hyperspace travel from system to system, and to assist vessels in distress. This is the most common variant of the hyperspace tug, and it sees wide use by the military, primarily to move battle-damaged ships to repair facilities.
