\*: The Hygeia carries no weapon launchers, but its cargo usually is comprised of various warheads and missiles to resupply fighters and bombers during a battle, this makes it a volatile and tempting target for enemy attack.

Description: The GTS Hygeia is the fleet's newest Terran support ship. It is fast and maneuverable, a necessity when trying to dock with fighters in the heat of battle. Triton Dynamics designed the Hygeia class with huge cargo bays for munitions storage, plus the latest magnetic-stasis delivery system for quickly re-supplying combat craft with missiles and bombs. The Hygeia's repair facilities are driven by neural-net AI, for ultra-fast system diagnostics and repair. The high number of warheads carried by the Hygeia makes it a dangerous ship to be near when it blows up.
