

Model: Rocket boots equipped with Mitrinomon jetpack thrusters

Skill: Jetpack Operations

Cost: 3,700 credits

Availability: 1

Maneuverability: Dexterity +0D+2

Move: 45

Description: Rocket boots were a form of rocket propulsion system affixed to a pair of boots instead of being worn on the back like a standard jet pack. Cad Bane, a bounty hunter in operation during the Clone Wars, owned a pair of rocket boots equipped with Mitrinomon jetpack thrusters and made use of them on many occasions.
