Dark Side Points: 1

Character Points: 4

Move: 10

Equipment:

Blaster Pistol (4D), Comlink, Lancer-class pursuit craft, the Nebular Kelpie, Black Suit with a Perspex Dome that retained an argon-rich atmosphere

Description: Kid Malmash was a young Shungbeek male who transported fugitives to safe zones in his Lancer-class pursuit craft Nebular Kelpie. In 35 ABY, he was one of the many unaffiliated pilots who answered the call of the Resistance when they asked for aid in fighting the First Order and Sith Eternal at the planet Exegol. After they triumphed, he joined in the celebrations on the moon Ajan Kloss.

Kid Malmash transported fugitives to safe zones aboard his Lancer-class pursuit craft, the Nebular Kelpie, for a steep price. This included wanted criminals and political refugees. By the time of the war between the First Order and the Resistance, Malmash was beginning to run out of safe destinations to take his passengers to. This cut into his profits.

In 35 ABY, Kid Malmash was one of many unaffiliated pilots who heard a plea for aid from Resistance agents Chewbacca and Lando Calrissian. Malmash and many others followed them through the hyperspace anomalies of the Unknown Regions in order to reinforce the Resistance as they fought against the First Order and Sith Eternal above the planet Exegol.

After the Sith Eternal fleet of Xyston-class Star Destroyers was destroyed, Kid Malmash was amongst the many participants of the battle who returned to the Resistance base on the jungle moon Ajan Kloss to celebrate the victory. As the droids BB-8 and D-O reunited, Malmash danced next to a GNK-series power droid before moving to stand with the pilot AL1-L3 and the bounty hunter Seleno Chandro as the pirate Maz Kanata spoke with Chewbacca.

Personality and traits

Kid Malmash was a male Shungbeek with white skin and red eyes. He required an argon-rich atmosphere to breath.

Equipment

Kid Malmash wore a black suit with a perspex dome that retained an argon-rich atmosphere. He flew a Lancer-class pursuit craft named the Nebular Kelpie, which he modified with stealth technology.
