Name: Wine
Type Alcoholic Beverage
Price: 1-10 Credits per glass, 10-100's per bottle

Description: Wine was a beverage made by fermenting fruit or other vegetation with a rising agent, typically yeast, but fungi could also be used. It was usually stored in bottles with labels indicating their origin. And individual whose occupation was to make wine was called a vintner.

Varieties of wine included emerald wine (made from emerald grapes), Alderaanian wine, Alderaanian white, Toniray wine, Andoan wine, Corellian wine, Sunberry wine, Domaine de la Maison sur le Lac, and Port in a Storm, the famous fortified wine from Pamarthe.
