- Video display screen
- Holographic projector/recorder
- Fire extinguisher
- Acoustic signaller
- Small (20cm. by 8 cm.) internal "cargo" area
- Some additional tools and equipment

Move: 5

Description: R2-N3 was a R2 series astromech droid that was stationed onboard the Naboo Royal Starship. During the Invasion of Naboo, Queen PadmÃ© Amidala and others attempted to break through the blockade surrounding the planet. R2-N3 was deployed onto the hull of the ship when the shield

generator was damaged, but was quickly shot down by Trade Federation battleships.
