## SPECIAL ABILITIES

Aquatic: Gungans are as at home in water as they are in air, capable of holding their breaths for extended periods while swimming, allowing them to remain submerged between breaths for many minutes. Although this does serve them some advantage in a vacuum, they have no resistance to the other deleterious effects that this environment has on their bodies.

Cartilaginous Body Structure: With very few bones, and most of their body supports made from flexible cartilage, Gungans are resistant to blunt trauma, resisting non-piercing physical damage with a bonus 2D. This offers no protection against projectile weapons, energy weapons or stabbing/slashing weapons such as knives or swords. However it does provide them with impressive resistance to concussion waves such as blast waves from grenades.

## EQUIPMENT

CREDITS - Vast Personal Wealth

Ornate Gungan Robes, Concealed Hold Out Blaster Pistol (3D)

FORCE SENSITIVE - N

FORCE POINTS 1

DARK SIDE POINTS 0

CHARACTER POINTS 3

Description: Rep Teers was a female Otolla Gungan, serving as a member of the Gungan High Council at the time of the Invasion of Naboo and the Clone Wars.

### *Biography*

Teers was named after a local species of coral. She was responsible for monitoring Otoh Gunga's power requirements, particularly those required to maintain its hydrostatic fields. She communicated with the Gungan engineers who managed the locap roots that gave Otoh Gunga its power, making sure that the plant could handle the requirements of new additions to the city. Teers guarded the ancient records of the Gungan culture and knew many secrets of existed long forgotten Gungan hideouts.
