

Name: Netcaster
 Designation: Semi-sentient
 Classification: Arachnid
 Skin color: Yellow
 Eye color: Black
 Distinctions: 3 pairs of eyes
 Homeworld: Kashyyyk
 Habitat: Forests

Dexterity: 3D+1
 Perception: 3D
 Strength: 4D+1

Special Abilities

Infra Red Sense: Netcasters have no eyes but can sense heat, effectively giving them infra red vision over a short range.

Venomous Sting: Netcasters have a poisonous bite which does 6D damage if it manages to breach the victims skin (any successful hit which manages to overcome any armour).

Web: Netcasters can weave a type of silk from their abdomen, which can be used to entrap prey for later consumption, this silk has a strength equal to the Netcasters strength.

Move: 11

Description: The netcasters were creatures that could be found in the deep forests of Kashyyyk. They were intelligent, being able to sense whether an intruder in their territory was a threat or not which would affect their reaction to them. Hostile trespassers would be attacked enveloped in webs and lifted to the trees where netcasters lived; peaceful passersby would be allowed passage unharmed.
