Gwirekon Pirates: Boarding Marines

These are the members of the Gwirekons that see the most tactical level action. Once a ship is disabled during one of their raids, Metroid Assault Shuttles attach to or land in the ship. The Assault Shuttles cut their way into the ship if need be and the 'Marines' spread out through the opening. They wear armored space suits and wield powerful rifles making them dangerous foes. They also carry regular and stun grenades as well as explosives, fusion cutters, and lock breakers for forced entry.
