Born Survivors: Since their homeworld of Toola was a cold planet of ice and snow, the Whiphid's body maintained a thick layer of blubber, which served to insulate and reduce heat loss. Their thick fur also helped to protect them from the harsh climate and was also covered with natural oil that repelled

water and allowed them to swim in Toola's frigid oceans. This gives them a bonus +2D to all Survival checks in the cold, and against any tests for freezing temperatures.
