Description: Chris, is physically identical to Milton Putna, possibly being the twin of the officer who died on Scariff. Chris was a senior technician on the Death Star and was in a relationship with Ada Larkin a

commander in charge of interrogation.

He once met with Darth Vader at a party aboard the Death Star, and annoyed the Sith who began choking him with the force, only to be interrupted by Larkin. Chris was so oblivious to the Force that he blamed the choking on an olive from his drink.

It is assumed that Chris died in the destruction of the Death Star, but possibly left the station at some time before with Ada Larkin.
