- Small circular saw (4D damage, 0.3 metre range)
- Holographic projector/recorder
- Fire extinguisher
- Acoustic signaller

Move: 5
 Size: 1 metre

Description: R5-2JE was an R5 series astromech droid that operated during the First Order's Resistance war. The droid had red and white plating, and a silver sensor.

Nicknamed "Toojay", R5-2JE leads the droid pool assigned to the Resistance base on Ajan Kloss. Equipped with a modified restraining bolt, the droid serves as a signal-hub for other similarly modified droids, sending commands and orders from a distance.
