\* : The Bryar Pistol has a secondary fire mode charging up energy within its galvern pattern. For each action that the trigger is held for it adds a +1 to the damage up to a maximum of +3D, but also uses an additional 2 charges from the weapons magazine. This means a fully charged shot of 8D damage expends 19 units of energy and requires 9 actions charging before firing, making Bryar a slow firing but devastating weapon.

Description: Kyle Katarn's weapon of choice, the Bryar pistol may be slow to fire, but it is also incredibly accurate. The primary attack fires a deliberate, single shot that causes great damage. Secondary Fire is initiated by holding the fire button down to charge the blaster round in the chamber, creating a highly damaging bolt.
