Cost: 1,500 (new), 250 (used)

Description: The U2C1 is a common sight as it quietly cleans up after the debris of modern life, and although is named a housekeeping droid, is far more often seen in public places cleaning bars and hotels. However these droids have occasionally been put to other uses, with monitoring equipment being added so they can act as spies, or explosives fitted so they can be used for terrorism.
