Altitude Range: Ground level-25m

Cost: 4,500 (used)

Maneuverability: 1D+2

Move: 130; 350kmh

Body Strength: 2D

Weapons:

Description: An older design of landspeeder popular shortly before the rise of the Empire, the Power Racer was designed to look somewhat like a pod racer, which was a popular sport at the time. Faster than most other landspeeders, it is also fairly rugged, although like other Ubrikkian designs requires routine maintenance for it to remain working.

Page designed in Notepad, logo's done on Personal Paint on the Amiga.
