Body Strength: 2D

Weapons:

Description: The Dargon Sail Barge is a luxury passenger vehicle used across the galaxy, and is used for tourist trips and safaris into hostile environs. For its purpose of a passenger vehicle, it has a large transparisteel dome over the dining/recreation area, where passengers can view the vehicles surroundings in safety. If the Sail Barge has to go into very hostile areas, then it will usually be escorted by armed speeders or fighters since it is not armed. The cockpit is raised above the rest of the vehicle to give the pilots an excellent view, and the accommodation is luxurious even for the crew, with food preparation done in a full kitchen instead of just a small galley. With a casino as well as other entertainment facilities on board, this vehicle is definitely a leap ahead of public transportation and was designed for those that can afford to take a while to reach their destination and to enjoy the journey.

Page designed in Notepad, logo's done on Personal Paint on the Amiga.
