## SPECIAL ABILITIES

**Short-Range Telepathy:** Quermians can communicate with other Quermians, as well as with Force-users who have the Sense skill. To use the ability, the Quermian must make eye contact with the person he wishes to contact and roll a successful Difficult Willpower skill check. This only works in person, and is not effective through video or holonet transmissions. If the subject of the communication is unwilling, they

must roll a Very Difficult Control or Willpower skill check in order to block the thought transmission. Quermians can transmit only simple phrases and emotional impressions, and contact must be renewed each round with another Willpower check.

Character Bio -

Yarael Poof's appearance would be comical to most if not for the powerful presence in the Force he exuded. The alien Jedi was a member of the High Council on Coruscant during the Republic's final years. He was present when Jedi Master Qui-Gon Jinn brought young Anakin Skywalker before the Council to

be trained. Poof was a tall being with spindly limbs and a long, slender neck which supported a bulbous head.

Hidden beneath his traditional robes were four delicate arms which granted Yrael Poof remarkably dexterity. He is a member of the Quermian species, a race of sentient invertebrates related to the Troiken of Xexto. Poof's sensitive olfactory glands were located in his hands. Poof had two brains, one located inside his skull and the other in his chest cavity.

A sly Jedi Master, Poof was a master of Jedi mind tricks and could use the Force to quickly befuddle and mislead targets by conjuring false images in their minds. This is Poof's preferred method of combat, though like all Jedi, he carried a lightsaber.
