Equipment D6 / Power Cell

Name: Power Cell
Scale: Character
Cost: 50-1,000 (depending on power)
Availability: 2
Game Notes: Can be used to power vehicles, droids and many other items, their capacity and the amount of power provided varies according to cost, so Vehicle Power Cells, and those for strong loading droids will be towards the high end, and those for tools or weaker droids will be towards the lower end.

Description: Power cells, or generators, were a component found in many weapons and droids.

Resistance droids often operated for unusually long periods of time without recharging and thus were equipped with extended-usage power cells.
