Description: Kai Brightstar was a human male Jedi youngling sent to the forest planet Tenoo for training during the High Republic Era.

Personality and traits
Kai Brightstar was a human boy with dark skin, brown eyes and brown hair. He was Force-sensitive and was familiar with lightsaber combat. Due to his eagerness to learn the ways of the Force, Brightstar sometimes encountered situations that he was not prepared for. He was ambitious and had an intense desire to prove himself, especially to Jedi he looked up to.

As a Jedi youngling, Brightstar wore traditional gold and yellow Jedi robes native to the High Republic Era along with a pair of green finger-less gloves and an orange cloak. He carried a blue single-bladed training lightsaber until it was lost, with which he then replaced with Yoda's old green training lightsaber. He managed to recover his blue lightsaber and developed Jar'Kai with the two training weapons against the sentient droid Apexx before he repented. When he was older, he utilized his own two single-bladed lightsabers, one of them being green and the other being blue.
