Description: Tulli Mu was a female alien individual who, along with her talkative employee Bhima Ook, ran her own Holotactics game in Pyloon's Saloon on the Outer Rim planet Koboh. Drawn to the Rambler's Reach Valley in 9 BBY, Tulli and Bhima searched for fearsome creatures to scan for their Holotactics game table. They soon found themselves precariously trapped on a raised area in the Boiling Bluff of the valley just out of reach of a Mogu before eventually setting up shop in the cantina.
