Biography

In 9 BBY, Rick was stationed as the door technician of Imperial Post 8L-055 on the planet Koboh. During his tenure, the Jedi Knight Cal Kestis attacked the post and killed many of Rick's colleagues. When the Jedi entered a corridor leading to a turbolift up to the Summit Ridge, the enraged door technician confronted Kestis, crying out and charging at the Jedi in the hopes of earning a promotion and commendation if command were watching.

Although Rick believed that killing him would be easy, Kestis slew the Door Technician before continuing on.

Personality and traits
During his confrontation with Kestis, Rick believed it was his one moment to shine and was ready to be promoted. He was filled with rage but underestimated Kestis.

Equipment
Rick wore white and black scout trooper armor with a black harness. In combat, Rick used an electro riot baton, with which he stood menacingly when he confronted Kestis.
