Description: Eeko-Dio Daki was a male Mosyk Jedi Master who lived in the galaxy before and during the Imperial Era. The Twi'lek Devon Izara studied as Daki's Padawan during the final days of the Galactic Republic, and they went on the run together in the wake of Order 66, to escape the newly formed Galactic Empire's Great Jedi Purge. Hiding on the Mid Rim world of Janix together by 17 BBY, Izara was arrested when she attempted to steal food for her virtuous Jedi Master, who insisted that the kindness of strangers could always be relied on instead. She was then kidnapped from the Police HQ of Janix Civil Defense by Maul, a former Sith turned renegade crime lord out for revenge and seeking a new apprentice. Daki attempted to rescue his Padawan, but Maul forced him to choose to save civilians instead by collapsing a pedestrian walkway. Izara later escaped Maul's safe house by herself, and informed Daki the Zabrak wanted to fight their common enemy, the Empire. Ever principled, Daki counseled that Maul could never be the Jedi's ally. Ultimately, Daki would be killed by Darth Vader after being betrayed by Maul.

Personality and traits

Eeko-Dio Daki was a loyal follower to the tenets of the Jedi Order. Long-lived and rather traditional, he was still a fierce warrior and adept duelist when the need arose. His desire to remain hidden whilst in hiding on Janix sometimes conflicted with the desire of his young Padawan, Devon Izara, to take action.

Master Daki refused to compromise his values and steal food, even when starving, and remained strong in his belief in the kindness of others. When his Padawan attempted to steal food for him despite his protestations, and was promptly discovered and arrested, he maintained his faith in others' better nature, assuring her that the police would soon see reason. Daki was also patient, meditating in the rain whilst waiting for Izara's release. When he confronted Maul in an attempt to rescue his recently kidnapped Padawan, and the darksider destroyed a populated pedestrian bridge with the Force as a distraction, Daki choose to use his own Force powers to hold the collapsing structure up long enough for the many imperiled civilians to be rescued, rather than rescue his own apprentice.

Daki had mottled green and gray skin, and gray eyes, with white whiskers on his chin. As a Moysk, his two hands had three clawed fingers each, and his head had an elongated crest at the back. Daki stood 1.51 meters tall.

Powers and abilities

As a Jedi Master, Eeko-Dio Daki was a skilled Force user. He was able to use the energy field that bound the galaxy together to jump great heights, flip a speeding vehicle, and, with some difficulty, telekinetically hold up a collapsing pedestrian bridge. He was also a fierce warrior and duelist capable of using multiple lightsaber forms, and carried both a makeshift cane and a hidden blue lightsaber.

Equipment

Daki wore a flight suit beneath a hooded cloak and carried a length of pipe as a makeshift cane, as well as a concealed blue lightsaber that he was adept with.

Master Daki carried a makeshift cane constructed from a length of pipe, as well as a concealed, blue-bladed lightsaber. He wore a green and white flight suit beneath a dark hooded cloak.
