Description: The knife was a handheld melee weapon used for slashing and stabbing. A knife could also be used as a cutting tool or utensil. Combat knives and throwing knives were common types of knife. Vibro-knives featured a small, vibrating blade that hummed when activated. It was capable of cutting through metal materials, including droids and stuncuffs.

A Galley knife referred to knives used in a starship's galley. In 3 ABY, the Rebel Alliance recruit Corbo carried a galley knife when attempting to visit the Imperial defector Everi Chalis regarding his pet felinx which had died under her orders.

After the First Order attack on Tuanul, Rey used a knife to free BB-8 from Teedo's net.
