Notes: The Anzellan Starship is designed for the diminutive Anzellan Species, and therefore only can contain and be piloted by such a small species. Other larger species cannot fit, and the ship operates mainly like a starfighter which it is around the size of.

Description: The Anzellan Starship was a starship used by the Anzellan droidsmiths Minch, Keeto, Bai, and Clang to travel to Adelphi Base on the planet Adelphi in the New Republic Era. At some point, they were joined by the foundling Din Grogu.
