Description: Hennix was a Force-sensitive Quarren Jedi Padawan who lived during the New Republic Era, having joined the Jedi Order under Jedi Master Luke Skywalker. Upon the destruction of the Jedi Temple, Hennix along with Voe and Tai questioned Ben Solo. They were skeptical of his account that Master Skywalker had attacked him. When Solo tried to leave, Hennix and his fellow Jedi tried to detain him but Solo escaped after wounding Hennix. The three Jedi tracked Solo to the planet Elphrona where they fought a lightsaber duel. Hennix was killed and as a result Voe and Tai believed that Solo was lost.

Personality and traits

Hennix was a Quarren with brown skin. He was a close friend of Ben Solo, Voe and Tai. He was known for approaching the Force as a puzzle which could understand through study. Solo noted that while Hennix knew he could not solve the mysteries of the Force, he would have been happy to spend his life trying. Hennix was regarded as smart and funny by the other apprentices at Skywalker's Jedi temple including Solo.

After Skywalker attacked Solo, Hennix and Voe believed that Solo had destroyed the temple and killed Skywalker while Tai advised caution. Hennix came up with the idea of tracking Solo through hyperspace by following the transponder on his droid Geegee.

Like Voe, Hennix believed that Solo needed to be stopped. When Solo Force pushed Voe down a cliff, an enraged Hennix tried to avenge her.

Powers and abilities

Hennix was Force-sensitive and wielded a blue lightsaber. Despite his Force powers and lightsaber skills, he was still outmatched by Ben Solo. Hennix was also interested in holocrons. While Hennix was able to open a holocron after listening and concentrating, he seemed to not do very well in combat scenarios where he was under pressure. Unlike his fellow student Voe, Hennix couldn't Force jump and while he threw his saber at Ben Solo, he was unable to repel it when Solo threw his saber back at him, which ultimately killed him. While he could not understand Huttese, Hennix was fluent in Galactic Basic Standard.

Equipment

Hennix wore tan Jedi apparel. He possessed a blue-bladed lightsaber.
