Equipment D20 / Auto Blaster Pistol

Auto Blaster Pistol

The auto blaster pistol is a weapon that can give you an advantage in a situation where one shot is all that you get. This weapon is very similar to a standard blaster pistol, but instead of one large barrel it has two smaller barrels. When the trigger is pulled the barrels fire automatically almost immediately after each other, so that the target is bombarded with two blaster bolts at almost the same time, causing a large amount of damage.
