Equipment D20 / LP-41 Blaster Pistol

LP-41 Blaster Pistol

The LP-41 is the most commonly used pistol in the MetaCorp military. It is standard issue and only higher ranking soldiers or personell use anything other than this (another favorite to them is the Blastech DL-44) Although the common soldier is not allowed to use equipment
manufactured by other corporations, the higher ranking and elite have special priveledges in exchange for their hard work and loyal service. The LP-41 is much like anyother pistol, except it uses it's own unique clip (an LP-20 series pistol clip) which slides into the handle grip of the weapon.
