Equipment D20 / Naboo S-5 Blaster Pistol

Naboo S-5 Blaster Pistol

The trained security forces of the Royal Palace Guard on Naboo use specially customized heavy multi-function pistols, ready for action in a holster at the hip. In addition to shooting laser bolts, these sturdy weapons can launch projectiles and even cables, giving the Palace Guard a variety of options for gaining control over any sort of unpredictable situation without unnecessary violence.

The Naboo Security Force S-5 blaster pistol is quite similar to the standard issue guard pistol with the addition of a second scope instead of a hand guard.
