Equipment D20 / B-12/c Blaster Carbine

B-12/c Blaster Carbine

In order to provide its naval troopers with effective weapons cheaply, Kashan began manufacturing the B-12/c, a direct variant of the B-12 blaster rifle. The B-12/c is slightly smaller and designed to be used in close quarters. They are mainly made for use by Kashan Systems' private military force, but can also be found on the open market in the Palvar Sector.
