Kashan TTH-B Carbine

After the Kashan TTI-S boarding carbine saw wide success in naval operations throughout the Palvar Defense Force, Kashan Industries decided to release the base of the carbine on the open market minus the micro-grenade launcher and flashlight attachments that came standard with the TTI-S.

The TTH-B is 47.3 centimeters long with a secondary handle mounted under the barrel for improved handling and a folding stock for ranged combat.
