Equipment D20 / Vetricon BV-13 Blaster Carb

Vetricon BV-13 Blaster Carbine

The BV-13 Carbine is one of the main weapons sued by Hammer's Slammers Infantry. It is for clsoe quarters combat and is generaly sued as a secondary weapon in the Slammers. It has a fairly short range but packs a signifigant punch and ahs a faster recharge rate than msot carbines. The addition of a vibro-bayonet also allows for point-blank cobmat for 'down and dirty work' in trenches and the like. The weapon is smooth and accurate at clsoe range but at the logner distances it becomes unreliable.
