

## Equipment D20 / Vetricon BV-13 Blaster

### Vetricon BV-13 Blaster Carbine

The BV-13 Carbine is one of the main weapons used by Hammer's Slammers Infantry. It is for close quarters combat and is generally used as a secondary weapon in the Slammers. It has a fairly short range but packs a significant punch and has a faster recharge rate than most carbines. The addition of a vibro-bayonet also allows for point-blank combat for 'down and dirty work' in trenches and the like. The weapon is smooth and accurate at close range but at the longer distances it becomes unreliable.
