Equipment D20 / Merr-Sonn Sport Hunter

Merr-Sonn Sport Hunter

Built in an attempt to circumvent standard restrictions on the blaster rifle, the "sport rifle" is merely a smaller version of its more lethal cousin. It was introduced early in the days of the Empire by groups worried over the new centralization of power.

The Merr-Sonn Sport Hunter is a sporting blaster rifle sold in vast numbers to anyone and everyone interested in owning their own personal rifle. The sporting blaster lacks the stopping power and range of a standard blaster rifle, but as many put it, something is better than nothing.
