Equipment D20 / Atreides LB-36 Blaster Rifle

Atreides LB-36 Blaster Rifle

The LB-36 Blaster Rifle was used primarily by House Atreides on Arrakis. A long-range weapon, it failed to counter Harkonnen PPC's when the enemy got close. Fairly easy to modify, about 1 in every 6 Atreides troops carried one that had a small thermal detonator launcher attached under the barrel. This requires a moderate blaster repair roll.
