Background:

CIA Agent Arvin Sloane was born in New York City, New York, USA.
Arvin Sloane was the cold, calculating leader of SD-6, directing its operations against the U.S. government under the guise of being a secret organization within the government itself.
At some point, Sloane had a brief affair with Jack Bristow's wife, Laura. This resulted in the birth of the child who would become known as Nadia Santos. It is unclear exactly when this affair took place or exactly when Nadia was born.
He is now heading a department of the CIA under the suspicious and watchful eyes of Marcus Dixon, Sydney and Jack Bristow.
