Equipment D20 / Stormtrooper Three Heavy B

Stormtrooper Three Heavy Blaster Rifle

The Stormtrooper Three heavy blaster rifle is the standard issue rifle of Imperial Sandtroopers across the galaxy. Unlike it's counterparts, the Stormtrooper One (BlasTech E11) and Stormtrooper Two, the Stormtrooper Three is not compact and easy to manage in tight situations. The Stormtrooper Three is nearly a meter in length, featuring an extended barrel with a retractable stock.

The Stormtrooper Three is specially designed to withstand extremely dry conditions as well as extreme cold and heat (as deserts vary in temperature). Overall, the Stormtrooper Three has proven to be quite a reliable weapon since it's introduction.
