

## Equipment D20 / Adelphi Wrist-Blaster

### Adelphi Wrist-Blaster

Adelphi started marketing Wrsit Blasters to Bounty Hunters and assassins. The idea of the weapons was to give them the ability to fire a weapon while keeping their hands realtively free. The blaster is fired by flexing yer wrist a certain way. It also is fairly easily concelead from visual inspection. The WB-5 offers the same stopping pwoer as most blaaster pistols on the market.
