Background:
Kalish culture prioritizes education. Sikozu's great dream as a young Kalish was to learn enough to work for "the Organization," a mysterious but prestigious employer. If Sikozu's traits are any indication, Kalish tend to value intellectualism and pragmatism; they take pride in their "rationality" above all else.

She is from the planet Kalish and has an extraordinary talent for languages. Due to her unique physique, translator microbes do not work in her system, so her talent for languages is both vital and a big help. She has gold scaled skin, blue-turquoise eyes and red curled hair.
